

**Your big day is all about you.
And the soundtrack for it should be too.**

*Bring a professional Ottawa DJ wedding service
onboard.*

The music entertainment at your wedding is one of the most important aspects of your day. It's the part that sets the mood and ignites people's emotions as they share in your extraordinary celebration.

Here at Soundsations, we take that very seriously.

Friendly, approachable and professional

From the first time we talk, right through to the execution of our master music plan on the day of your wedding, Soundsations works diligently and amicably. It's our goal to make you feel well cared for at every stage of the process. There's no comment you can't make or question you can't ask. We regularly connect and collaborate as your Ottawa wedding DJ partners, both behind the scenes and right there with you on the big day.

The attention you deserve

When we book your wedding, the day is exclusively reserved for you. That translates into dedicated service and undivided attention to ensure that your event is executed seamlessly, with the level of focus and passion that are synonymous with the Soundsations name.

Here's how it works.

1. DJ consultation

Our first meeting is a no-obligation consultation. We get to know each other and Soundsations tells you all about our wedding DJ services in Ottawa, how the process works and what you can expect from us.

2. Planning and support

Right from day one, you work with your exclusive wedding DJ. Enjoy unlimited planning support via phone, email and video conferencing as you collaboratively get ready for the big day. At this stage, you get sound advice, song selection assistance and a fully organized timeline so your wedding day flows smoothly.

3. Customized cocktail and dinner music sets

Choose from a wide variety of music options ranging from all-time favourite classics from years past, to sizzling-hot, cutting-edge tracks and remixes on the radio today. Bringing a unique theme to life? We'll create a specially-themed cocktail hour for you! No matter what your desires, our DJ is there to help you plan accordingly all the way through.

4. State-of-the-art sound system, backup equipment and wireless mic

Not only do we sound sharp, but we look sharp too. Our professional DJ booth is like no other in the Ottawa wedding scene, featuring a 55" 4K UHD screen for your photo or video montage, custom monogram, and so much more. We use nothing but high-end tech to give you that crystal clear, quality sound all night long.

5. Online wedding planning platform

We equip you with a comprehensive online wedding planning platform and dedicated client area. Log in anytime to work with helpful planning forms, browse our extensive music library, submit song requests, create your event itinerary and directly communicate any other details about your upcoming reception.

6. Final check-in

Two weeks before your wedding, your DJ will be in contact to review the flow of the reception, confirm your lighting and sound choices, and walk you through the preplanned soundtrack.

7. Time to enjoy!

On the big day, it's time for you to relax and relish in every minute. Your wedding music entertainment will roll out exactly as planned. All that's left for you to do now is celebrate!

Custom add-ons for that little something extra

Need something else? Looking for a customization?

No problem. We're here to accommodate.

Ceremony music and sound

Soundsations provides expert onsite music coverage for wedding ceremonies, too. We can plan and mix relaxing, mood-setting music as your guests arrive, combined with the perfect rendition as you walk down the aisle.

Dancing on Clouds

The day is already a dream come true, and we like to make it look like one, too! Our odourless dry ice machine produces a thick white fog at floor-level around

you and your special someone as you share the dancefloor together for the first time as a married couple.

Room décor lighting

Lighting is a polishing touch that gives your wedding that special edge of class and excitement. From unique colour schemes, to full lighting towers, Soundsations is equipped and experienced in the design and delivery of complete room décor lighting packages.

Presentations

WOW your guests with stunning visual presentations throughout your wedding at our custom DJ table equipped with a 55" 4K UHD TV.
