

## Top quality. Ample supply. Quick installation.

Partner with a next-generation kitchen manufacturer and supplier.

Stockbox Kitchens is a bulk contemporary kitchen cabinetry manufacturer. We have the local capacity to house your project in advance, and deliver onsite according to your development schedule.

### FOR EVERY NEED, THERE'S A WELL THOUGHT OUT SOLUTION

- Get the supply you need, when you need it
- Meet installation deadlines with local warehousing and dependable delivery
- Feel good about giving homeowners a quality kitchen, lifetime guaranteed
- Clear your construction site of unnecessary waste thanks to flat-packed product
- Save time and labour costs on fast and seamless installation
- Order custom model sets to suit your development

### PUSH, CLICK, CONNECT

That's the power of the OVVO kitchen cabinet assembly system we use at Stockbox. OVVO offers an innovative dovetail design featured in the "Best of the Best" as an award-winning connector. This durable and groundbreaking system is a win-win for builders and end users because OVVO:

- Assembles kitchen cabinets using a proprietary connection system
- Makes onsite assembly 80% faster
- Uses no tools, glues or screws
- Eliminates 75% of packaging, making for a much cleaner development site

### YOUR BUYERS WILL THANK YOU DOWN THE ROAD

The beauty of Stockbox Kitchens is their durability, lifetime transferrable guarantee and reusability.

Homeowners have full reigns to redesign their kitchens more often at a fraction of the cost by always keeping the quality plywood cabinetry boxes intact.

### TRUSTED MANUFACTURING

All Stockbox kitchen cabinetry is CARB II certified and manufactured in-house at our dedicated factory. The hardware you'll find in Stockbox kitchens is supplied by Blum, one of the most highly sought-after manufacturers in the world.

### CLEANER, FASTER, BETTER

When you have an environmentally conscious product, dependable manufacturing, local warehousing, on-time delivery and a cutting-edge installation system, the end result is clear: a better kitchen solution.
